SENSU

DESCRIZIONE PRODOTTO / PRODUCT DESCRIPTION

Come il ventaglio che si apre con grazia nelle antiche danze giapponesi per esaltare la bellezza e l'espressività dei movimenti, così le lampade da parete Sensu rivelano la propria eleganza attraverso sofisticate geometrie in metallo, legno laccato e specchio. Questi elementi si fondono per dare vita a una composizione luminosa che evoca una poetica danza di luci e ombre.

Un'atmosfera intima e raffinata derivata dalla luce indiretta esalta i volumi e i contrasti, creando un'atmosfera intima e raffinata.

Ogni lampada può essere installata singolarmente, come accento decorativo, oppure combinata in composizioni modulari per valorizzare pareti e spazi architettonici con un linguaggio visivo unico e contemporaneo.

Accanto alle eleganti lampade da parete, fa parte della stessa collezione il pannello decorativo Sensu, dove texture e volumi si fondono in un complemento d'arredo scenografico che, attraverso il linguaggio del design, reinterpreta la bellezza di una cultura antica in chiave moderna.

Just as the fan gracefully unfolds in ancient Japanese dances to highlight the beauty and expressiveness of movement, so the Sensu wall lamps reveal their elegance through sophisticated geometries in metal, lacquered wood, and mirror. These elements blend to create a luminous composition that evokes a poetic dance of light and shadow.

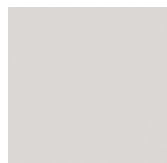

An intimate and refined atmosphere, generated by indirect lighting, enhances volumes and contrasts, bringing depth and delicacy to any setting.

Each lamp can be installed individually, as a decorative accent, or combined in modular arrangements to enrich walls and architectural spaces with a unique and contemporary visual language.

Alongside the elegant wall lamps, the same collection features the Sensu decorative panel, where textures and volumes merge in a scenographic furnishing element that, through the language of design, reinterprets the beauty of an ancient culture with a modern sensibility.
